

PLAGIARISM: WARNING

Plagiarism means "Use or close imitation of the language and thoughts of another author and the representation of them as one's own original work."

- This has been noticed by the editorial team of **International Journal of Chemical and Biological Sciences A division of Virtu and Foi** that, authors are simply copying (as it is) scientific data, tables, figures etc. directly from the other published papers, without proper written permissions from the original authors/publishers. It is an intellectual theft and an awful practice in scientific writings.
- Therefore, I request to the all our contributor(s), please submit your original work only and adopt the 'honesty' to design the manuscript.
- In unavoidable circumstances, take prior written permission from the original author/publisher and provide us the letter along with the manuscript at the time of submission.
- If anybody found involved in such Plagiarism issues, he/she will face the consequences. **Virtu and Foi will not be responsible for any legal action against them.**
